

FIERCE... a feeling, emotion, or action showing a heartfelt and powerful intensity.

FIERCE is a five piece, all-girl band based out of Lancaster, PA. Their music consists of classic rock and blues to modern rock, pop and dance hits with some originals thrown in to showcase their writing talent. The group has been in existence since November 2011. While some of the members have changed over the years, the group's intensity remains strong. The current line-up features former members of the bands Dirty Girls, Sisterbeat and Deja Voodoo.

With four of the members taking turns on lead vocals and one who can play drums, bass or rhythm guitar, there is always plenty of variety! Fierce also has the ability to perform as a four piece if necessary and has made acoustic duo and trio appearances at various events.

Tina Marie carries the majority of the lead vocals. She started singing in church and school choirs at a young age and her love of music continued to grow. Immediately after graduating high school, she started singing in her first rock band, but is most well-known for her work with the all-original gothic rock band, Deja Voodoo, where she co-wrote an award winning album. She is a powerful singer, belting out raw emotion with every note.

Mary has been the lead guitarist in various bands including FIERCE, Dirty Girls, Darkes, Missing Erica, Delta Jelly and Sisterbeat. She has played at various venues in DE, MD, PA, NC, DC, NY, NJ and in the UK. Her hope and dream is to make a difference in the world with her music.

Vicki joined FIERCE in October 2012 on bass. Formerly a member of the band Sisterbeat and the Westminster Municipal Band, she has played numerous instruments since the age of 9.

Jerri was formerly drummer and vocalist of the bands Dirty Girls, Darkes, Bittersweet and Easy Street. She plays drums, rhythm guitar and occasionally bass and has been playing music since she was a little girl.

Jody has been playing the drums since high school and started playing professionally at Hershey Park, at the age of 17. She is a former member of the bands Sisterbeat and Girls Club. She still considers entertaining one of the greatest joys of her life.

These ladies know how to have fun on stage and keep their fans dancing. After all, the fans and a love for the music is what it's all about! It is a common sight to see a room full of loyal fans sporting their FIERCE merchandise.

Lancaster County Woman's Stu Higgins said "Let them take you on an intense musical journey with an exciting stage presence and a band personality that says 'we're having fun up here' and they'll pull you right in".

FIERCE... a feeling, emotion, or action showing a heartfelt and powerful intensity. Come feel it for yourself... you won't be disappointed!
